Time flies and we have reached the last quarter of 2017. At this moment, we reflect on the goals we set up at the beginning of the year and how much we have achieved. I am sure you all were overwhelmed by the thoughts of it. Whether you have achieved amazing results or experienced failures, you do not have to feel disappointed because it will eventually go away. Set and plan your goals again so that you can have a fun and better year in 2018.

A team without a clear goal is like a ship without a course in the middle of the sea. Planning is the foundation of a management system. A good planning is half the battle won. With that being said, the planning and the goals you set, your execution and determination play a vital role in helping you to achieve success whereby early planning is the key to success.

To my beloved comrades,

Looking back to the performance of **K-LINK International** this year, we found that we have achieved accomplishment excellence due to the fact that we have a clear target and vision. Among the accomplishments we are proud of, the new Laos market expansion which the **K-LINK** career and products received full trust and support from the local people tops them off. It not only injected confidence into the distributors, but also helped us to get closer towards global market network expansion.

The next proud **K-LINK** accomplishment we achieved is that we have received two prestigious awards this year in the form of APEA Awards and 1957 'Gold Award' in Merdeka Awards. Congratulation and bravo to this double happiness! We are blessed and felt grateful towards your effort and dedication in alleviating **K-LINK** brands higher through these achievements and acknowledgements.

We will continue to create many improved strategies and products to help everyone to achieve their dreams and build a better future. For instance, we will be launching a new product called K-Miracle Life Water - Enjoy Dual-forms Health Water Anytime, Anywhere. Another product we have on the line is the traditional herb which is made from pure black tongkat ali powder namely MyHeiGenBao, it is widely trusted by South East Asians in its ability to boost vitality as well as general wellbeing.

K-LINK International would not be satisfied with the achievements we obtained right now, on the contrary, we will march towards a bigger goal of guiding our leaders forward in planning a successful life as well as to conclude a perfect ending for the year 2017.

STRONG DISCIPLINE IGNITES HUGE SUCCESS

With our motivational motto in 2017, "Strong Discipline Ignites Huge Success", we emphasize on adopting discipline in developing our **K-LINK** career because we believe that the level of success is determined by the level of discipline. On our journey to success, we are bound to encounter numerous obstacles. Only by adopting strong discipline and focus can one stay on course to overcome all the challenges in life. This logo has been designed with an eagle on top, symbolizing strength - a major quality needed in maintaining discipline, while its wings signifies our dream of soaring to the peak of success. The globe in the middle denote our goal of being a global leader in the MLM industry, while the crown above the globe symbolizes the accomplishment each of our leaders should aspire to achieve.
