## The Season Of Appreciation

With every accomplishment we achieve, the more important it is to feel grateful for the help we receive. Being grateful makes sense of our past, brings peace for today, and creates a vision for tomorrow. To many, **K-LINK International** is the business platform for them to achieve success. Hence, we are here to continue to provide the ideal environment for every aspired individual to create a page of success in their lives.

In the coming months, **K-LINK International** is going to arrange a Year End Recognition event for the accomplished members, their family and friends to celebrate and showcase their gratitude for the success and contributions they had. The act of qualified leaders being recognized on stage symbolizes their accomplishments and that will further fuel their desire to build on the **K-LINK** success.

Besides celebrating the success our leaders have, the month of July was also the month for celebrating Raya. **K-LINK International** emphasizes the spirit of togetherness among members, hence we held a few Open Houses so that their family and friends celebrated and enjoyed the harmonious gathering together. Many leaders expressed their gratitude towards those that helped them along the way, which eventually lead them to achieve more positive growth in life.

In hope of expanding the product range and to help improve health among members, **K-LINK International** is in the plan of launching our newest product named K-Madulut. Made from stingless bees found in exotic tropical forest in Malaysia, K-Madulut is able to improve body overall health, healthier skin, stronger body and give users more energy. We believe this product can satisfy the needs of the masses and achieve good sales in the future.
