K-LINK International is the result of dedication, leadership, teamwork and trust given by each and every member of **K-LINK International**. Besides that, the company holds on to the 5 principles of success which are known as The Sense of Vision, The Sense of Mission, The Sense of Recognition, The Sense of Appreciation and The Sense of Belonging.

Being a Multi-Level Marketing company that emphasizes on sustainable management, **K-LINK International** focus on modern business management concepts. The management and entrepreneurs of **K-LINK International** work hand in hand to realize 3I culture: Initiative, Innovative and Informative.

Dissemination of information is very important for a modern MLM company, because the MLM industry today is relying on effective spreading of information and word of mouth among the consumers. With technological advancement, dissemination of information can be achieved easily through social media and the Internet.

In order to keep up with the rapid pace of technological changes, **K-LINK International** has developed and come out with a digital marketing platform based on information technology such as **K-Global Link** app, Mobile Web and E-Commerce. Communication • Connection • Creation

2019 MOTTO : "Communication • Connection • Creation"

To tackle another thrilling year, our motivational motto of 2019 "Communication • Connection • Creation" inspires us to achieve triumph by excellent communication skill, building connections, and creating innovative products and marketing initiatives.

The logo uses three different colors of capital C and icons to represent the elements of communication, connection and creation. The overlapping parts between the three alphabets of C's also indicate that the three elements are closely linked, which is indispensable. Additionally, the three different colors also symbolize the different teams of **K-LINK** from all over the world, and each is independent but connected to one another. This is the spirit of unity that will lead us to a greater height of achievement.

Crown Ambassador

How did you start working with K-LINK?

K-LINK was introduced to me by my husband Crown Ambassador Sirtharan Jagathisan.

What actually motivates you to reach the CA status?

Most of the Crown Ambassadors in K-LINK are men, so I was wondering why it is so difficult for a woman to achieve the Crown Ambassador position. I took that as a challenge and now I've achieved it.

How did you achieve success through K-Link?

I worked really hard to achieve this position and I put in a lot of effort to complete my challenge and achieve my current success.

Did you encounter any difficulties? If so, how did you overcome them?

I did face a lot of obstacles along the way. As a working woman, it wasn't that easy for me to achieve this position. I had hard time balancing my schedule because I have to make sure all my responsibilities as a mother, daughter, wife and also as a worker were accomplished. I managed to pull off because becoming Crown Ambassador is one of my goals. I believe that if we're passionate and dedicated about something, we can definitely achieve it.

What is your advice to other K-LINK members who want to succeed?

Be dedicated and work hard. Never give up on your goals.. Great things takes time so be patience and keep working.. Nothing is impossible..

How did you start working with K-LINK?

K-LINK was introduced to me by my grandfather. My grandfather joined K-LINK after he recovered from his sickness by consuming K-LINK Ayurveda series. When I was still a teenager, I would follow my grandfather to attend all K-LINK's product roadshows, entrepreneurship seminars and etc. I was inspired by all of the success stories that were shared by the higher ranked K-LINK Distributors and was eager to join K-LINK International. After graduating from high school, in order to achieve my dream of travelling abroad with my family, I started the K-LINK distributor's path and have never stopped since.

What actually motivates you to reach the CA status?

The people who stayed by my side, encouraging me and supporting me. I would like to thank the noble people that had helped me tremendously with my career in K-LINK, Senior Crown Ambassador, Ms Ivy Woon and Crown Ambassador, Mr Phillip Low. They were there for me through thick and thin and I am grateful for having them in my life. With their guidance and support, my K-LINK International career took off and I promise to not disappoint anyone. As a leader, I must lead by example and must continue to improve in order to be able to accomplish more missions and lead more partners who want to succeed in this career path.

How did you achieve success through K-LINK?

First of all, I am very passionate about the company's products. I would tell people that I bleed K-LINK because I consume many of K-LINK's products. I would only sell products that I believe in and have benefitted from. Over the years, I have been turned down countless of times, but I firmly believe that if I stay persistent with sharing my knowledge, people who refused me will one day become my customer/partner. K-LINK International career path is an industry filled with love. It has helped me tremendously and I am extremely proud and honoured to be a part of it.

Did you encounter any difficulties? If so, how did you overcome them?

I had extremely low self-esteem and was very insecure since I was a child. K-LINK International has a very good education platform, and there are various professional courses for distributors to learn about how to manage themselves and succeed in their businesses. Through continuous learning and progress, I allowed myself to strive for improvement to face various challenges. Opportunities will only be reserved for those who are prepared. Hence, efforts and actions are the key to overcoming challenges.

What is your advice to other K-LINK members who want to succeed?

Success is not inevitable, but from the moment you've decided to do it, the continuous action is accumulated. I strongly recommend that the distributors wear K-LINK International's K769 Five Elements Energy Pendant because I believe that the most important thing for success is to always maintain a positive and optimistic attitude. 80% of the key factors of success comes from their own attitudes (whether they are active, hard, confident, determined, strong willpower, etc.), while 13% are skills (knowledge and ability), and the last 7% is based on luck and opportunity. Your heart sets you to fulfil your desired achievements. Everything happens to be the best arrangement from God, always remind yourself to be positive and you will succeed!

Success is not
something that will
come in the future,
but it will continue
to accumulate from
the moment you
decide to do it.

Kick It Up! Have Fun, And Celebrate!

21st April 2019 – KUALA LUMPUR. The K-Heboh Appreciation Day 2019 was truly a success. The first K-Heboh Appreciation Day was held back in 2009. This year, K-LINK International wanted our committed distributors and staff to walk down the memory lane of the jovial carnival event. K-Heboh Appreciation Day 2019 was held in Vivatel hotel and the event started at 10am and ended at 6.30pm. Cotton candies, refreshments, popcorns and food stands were present during the event. Many carnival games were available as well, such as Claw machines, Bull riding and many more.

Everyone that bought the tickets prior the event have received a set of metal straws as a door gift. In honor of Earth Day, no plastic bags were given during the K-Heboh sales. Woven bags were sold if bags were needed. At 2pm, the board of directors and VIP guests were welcomed and the opening speech was given by our Group Managing Director Dato Dr Darren Goh. Dato Dr Darren Goh talked about the future plans of K-LINK International. After the opening speech, it was then followed by the distributors' recognition and the lucky draw kicked off.

The event room was soon filled with chattering, music and cheers. Certain products were up to 70% off during happy hours sales and many people took their chances and stocked up the limited discounted items. The atmosphere of the entire event was great and the overall turnout was estimated to be more than 1000 attendees.

The K-Heboh Appreciation Day was a day to give back to our distributors and members. K-LINK International would like to thank all of our staff for their hard work and effort for making the K-Heboh Appreciation Day a triumph event. A huge thank you to our distributors for the love and support. K-LINK International will continue to strive for improvement and success!
