2019 MOTTO : "Communication • Connection • Creation"

To tackle another thrilling year, our motivational motto of 2019 "Communication • Connection • Creation" inspires us to achieve triumph by excellent communication skill, building connections, and creating innovative products and marketing initiatives.

The logo uses three different colors of capital C and icons to represent the elements of communication, connection and creation. The overlapping parts between the three alphabets of C's also indicate that the three elements are closely linked, which is indispensable. Additionally, the three different colors also symbolize the different teams of K-LINK from all over the world, and each is independent but connected to one another. This is the spirit of unity that will lead us to a greater height of achievement.

HAERUDDIN BIN MANSUR

Crown Ambassador

Do not miss any opportunity,
because opportunity only
knocks once in a lifetime

How did you start working with K-LINK?

I was introduced to K-LINK through K-LINK products. During that time, my son was suffering from asthma. With the continuous use of K-Liquid Chlorophyll, K-OmegaSqua and K-Ayurveda K-AyuAsmo products, it is very effective to this day. Asthma problems have also been cured.

What actually motivates you to reach the CA status?

I would like to have the freedom of time, money and good health.

How did you achieve success through K-LINK?

I have achieved success by being patient, grateful, and positive. With K-LINK International's online system, it has made it even easier for me to reach the Crown Ambassador status.

Did you encounter any difficulties? If so, how did you overcome them?

I fall sick while pursuing the Crown Ambassador status, but I manage to pursue my career track through digital network started by Team InspiRadzi.

What is your advice to other K-LINK members who want to succeed?

Keep fighting for the best and don't give up. Opportunities will always be available to those who always look for opportunities and always think positive.

Do not complain about
yesterday, yet do the
best for tomorrow by
being fruitful today...

USMAN BIN RUSLAN

Crown Ambassador

How did you start working with K-LINK?

I was introduced to K-LINK through a colleague Diamond Manager named Jaymar Ansir in the year 2012. I started focusing on K-LINK's career in 2013. Before joining the K-LINK business, I worked as a lorry driver for 5 years.

What actually motivates you to reach the CA status?

Each person who has succeeded in reaching Crown Ambassador Status despite coming from different backgrounds has been my motivation to continue my career at K-LINK. With them being my inspiration, I foresee the Crown Ambassador status as a great opportunity to be just as those who have reached the Crown Ambassador status.

How did you achieve success through K-LINK?

The first 8 months was a difficult period for me as I had no experience in MLM, but I continued to do so despite the challenges I faced, it made me persistent to continue in learning and be passionate about pursuing this career.

Did you encounter any difficulties? If so, how did you overcome them?

Yes, I have faced many challenges in this career but with the guidance of up lines and the advice and guidance from Crown Ambassador Khairul Anuar Salim and by the training provided by K-LINK and not to forget the cooperation provided by the down lines. I finally managed to reach the Crown Ambassador at K-LINK International.

What is your advice to other K-LINK members who want to succeed?

Keep on striving and learn from mistakes, always be a positive person that makes the best of today for tomorrow. I would also like to take this opportunity to thank everyone.
